2

Outline

- Evidence of disparities
- Why wealth is important
- Sources of disparities
- Implications of disparities
- Policy solutions

3

What is Wealth?

- **Income vs Wealth**

- Income is the flow of funds into a households each year.
- **Wealth is a household's NET asset holdings.**
 - o The value of all assets minus the value of all debts.

- **Assets include:**

- Owned homes, cars, stocks, businesses, savings and checking accounts, pensions, life insurance...

- **Debts include:**

- Home mortgages, car loans, credit cards, and any other significant financial obligations (excl regular bills)...

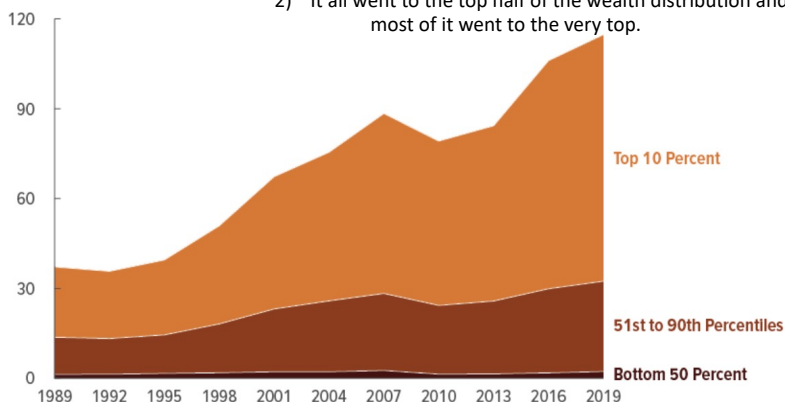

4

Total Family Wealth, by Wealth Group

Trillions of 2019 Dollars

Notes:

- 1) Tremendous growth in wealth between 1989 and 2019.
- 2) It all went to the top half of the wealth distribution and most of it went to the very top.

From 1989 to 2019, the total wealth held by families in the top 10 percent of the wealth distribution increased from \$24.3 trillion to \$82.4 trillion (or by 240 percent), the wealth held by families in the 51st to 90th percentiles increased from \$12.7 trillion to \$30.2 trillion (or by 137 percent), and the wealth held by families in the bottom half of the distribution increased from \$1.4 trillion to \$2.3 trillion (or by 65 percent).

7

Evidence of the Gap

8

Wealth Gap Over Time: Median

Black Household Incomes Relative to White

11

12

Why Wealth is Important

 NATIONAL ECONOMIC EDUCATION DELEGATION

13

13

Widespread Household Wealth Pays Dividends

- **To individuals in the household**
 - Choices/Agency
 - Wealth is iterative
- **And to broader society**
 - Human capital development
 - Entrepreneurship and innovation

 NATIONAL ECONOMIC EDUCATION DELEGATION

14

14

Household Level Benefits

- **Choices/Life Agency**

- Finance higher education
- Living in good neighborhoods
- Saving for retirement
- Capital to start a business
- w/stand financial hardship
- Better legal counsel
- Exert political influence
- Finance costly medical procedure
- Bequests

- **Wealth is iterative**

- Wealth begets more wealth.
 - Access to higher return investments.
- Wealth transfers across generations.
 - Wealth is sticky.

Parental Wealth is Important

- **Important pre-estate transfer effects on kids:**

- Influences human capital accumulation.
- Influences the returns to education.
- Adult incomes of offspring.

- **There are clearly enormous differences in wealth held by parents of Black and White children.**

- **And it's clear that nurture plays a big role.**

Wealth Mobility

17

Tangible Benefits for the Broader Economy

- More human capital development
- Increased entrepreneurship
- Healthier labor force
- Less social unrest
- Less reliance on social programs
- Smaller stock of student loans

18

Sources of Disparities

19

Events/Policies with Direct Wealth Implications

- **Slave trade**
 - The first deprivation.
- **Slavery**
- **40 acres (and a mule)**
 - The second deprivation.
 - Discriminatory distribution of land.
- **Freedmen's Bank**
 - Lax oversight and dissolution.
- **Jim Crow Laws & Economic Policy**
 - Convict leasing, debt peonage, chain-gang, sharecropping, and lynching.
- **Homestead Act**
 - Discriminatory distribution of land.
- **Land theft and destruction**
 - E.g., Black Wall Street – Tulsa, 1921.
- **GI Bill**
 - Discriminatory access – Levittown
- **Federal Housing Authority**
 - Redlining
- **And many more.**

20

Results for Black Families

- **Much lower accumulation of wealth than among White families.**
- **Implications:**
 - Less financial contribution from parents to children.
 - More difficult access to higher education.
 - Less access to capital for business formation.
 - More likely to live in disadvantaged neighborhoods.
 - Fewer role models.
 - Less access to quality education.
 - *Disparities in the capacity – availability of resources - to build wealth.*

21

Potential Explanations: Differences in...

- | | |
|---------------------------------|--|
| • Educational attainment | • Soft skills and personal responsibility |
| • Home ownership | • Wages |
| • Increased savings | • Labor force participation |
| • Financial literacy | • Family structure |
| • Entrepreneurship | • Initial endowment |

22

23

24

Home Ownership

25

Home Ownership: 2016

Housing Status	Net Worth Median	Net Worth Mean
Renters	\$5,200	\$91,100
Owner	\$231,400	\$1,034,200

26

Wealth Equality Through Home Ownership?

- **Well-documented evidence of historical and ongoing housing and lending discrimination.**
 - Appraisals, buyers, lenders, local laws, covenants...
- **What about home prices in minority neighborhoods? Even if they buy, they won't get the appreciation of White neighborhoods.**
 - Home values are 50% lower in majority Black neighborhoods.
 - o 23% after adjusting for quality and amenities.

NATIONAL ECONOMIC
EDUCATION DELEGATION

27

Source: Brookings, Home ownership while black

27

What Determines Differences in Home Ownership?

- **Wealth of parents**
- **Ability to borrow – lending discrimination**
 - At all
 - On equivalent terms to white borrowers
- **Local ordinances – housing discrimination**
- **Lower appreciation rates of homes in majority Black communities.**
 - This makes it a less attractive investment.

NATIONAL ECONOMIC
EDUCATION DELEGATION

28

28

Increased Savings

- **Historical evidence generated by economists ranging from Milton Friedman (1957) to Marjorie Galenson (1972) to Marcus Alexis (1971) to Gittelman and Wolff (2004).....**
 - All find that after accounting for household income, Blacks have a slightly higher savings rate than Whites.
- **Risk and reward are higher for White investors.**
 - Controlling for income, this is not clear.
 - Access to and tolerance for higher risk investments is clearly correlated with income.

29

Financial Literacy

- **Financial literacy helps explain individual wealth differences within racial groups, but none of the wealth differences between racial groups.**
 - The insufficient financial literacy argument is often leveled specifically at Black households.
 - The argument holds equally with regard to all households of comparable incomes.
- **Controlling for household income, there is no difference in rates of asset appreciation between Black and White households.**

30

Use of Payday Lenders

31

Entrepreneurship: Rate of New Entrepreneurs

32

Explaining Differences in Entrepreneurship

- **Disparities in access to capital:**

- Wealth disparities
 - o Specifically differences in home equity.
 - o Differences in wealth levels of friends and family.
- Less likely to rely on banks and more likely to rely on credit cards.
- Loans have higher int rates and more likely to be declined.
- Less access to venture funds.

- **Generally lower levels of education.**

- **Previous business ownership by family.**

- **Different stocks of relevant social capital.**

Soft Skills and Personal Responsibility

- **Employability**

- Show up on time
- Eye contact with customers
- Dress well
- Collaborative skills

- **Reality**

- Black workers are crowded into service sector jobs.
- Well represented in service, sales and office, and production, transportation, and material moving
- Relatively less well represented in construction, extraction, and maintenance.

41

What is Fundamentally Responsible?

- Individual behaviors?
- Structural characteristics of the economy?
- History – policy and otherwise?

NATIONAL ECONOMIC EDUCATION DELEGATION

42

43

44

Policy Options

 NATIONAL ECONOMIC EDUCATION DELEGATION

45

45

Categories of Policy Areas

- **Housing**
 - FHA and redlining
- **Health Care**
- **Incarceration**
 - Black incarceration rates are very high.
- **Education**
- **Workforce**
- **Income support and stability**
- **Asset accumulation**

 NATIONAL ECONOMIC EDUCATION DELEGATION

46

46

Specific Policy Options

- **Global solutions that affect all source areas**
 - Child Trust Accounts - "Baby Bonds"
 - Guaranteed minimum income
- **Addressing racial disparities directly**
 - Reparations
 - o Aggressive affirmative action.
 - o A new Homestead Act.
 - o Heavily investing in Black communities.
 - o Differential tax treatment.
 - Labor and other laws that address discrimination
 - o Enforce more aggressively and make adjustments where necessary to increase efficacy.
 - Fundamental reorientation of asset building agenda.

47

Gov't Asset Building Policies

Size and Distribution of Select Asset-Building Tax Subsidies, 2017

Source: Updated estimates from Steuerle et al. (2014).
 Note: "Income" refers to the Tax Policy Center's "expanded cash income" measure, which is described in Rosenberg (2013).

48

Other Concrete Policy Options

- Limit the mortgage interest tax deduction and use the revenues to provide a credit for first-time homebuyers.
- Establish automatic savings and retirement plans.
- Reduce reliance on student loans while supporting success in postsecondary education.
- Offer universal children's savings accounts.
- Reform safety net program asset tests, which can act as barriers to saving among low-income families.
- Provide subsidies to promote emergency savings, such as those linked to tax time.

Summary

- **The Black White wealth gap is enormous (2022)**
 - Mean: White wealth is 6.5x Black wealth.
 - Median: White wealth is 6.3x Black wealth.
- **There are many explanations in the common narrative.**
 - Many do not stand up to scrutiny.
- **Government policies have contributed enormously this gap.**
 - Racial dehumanizing permitted these policies.
- **Wealth endowments (parental wealth) are enormously important for determining own wealth in adulthood.**
 - Policies that address this relationship are most likely to be effective.
- **Some form of policy intervention is likely necessary if the gap is to be closed.**

Thank you!
