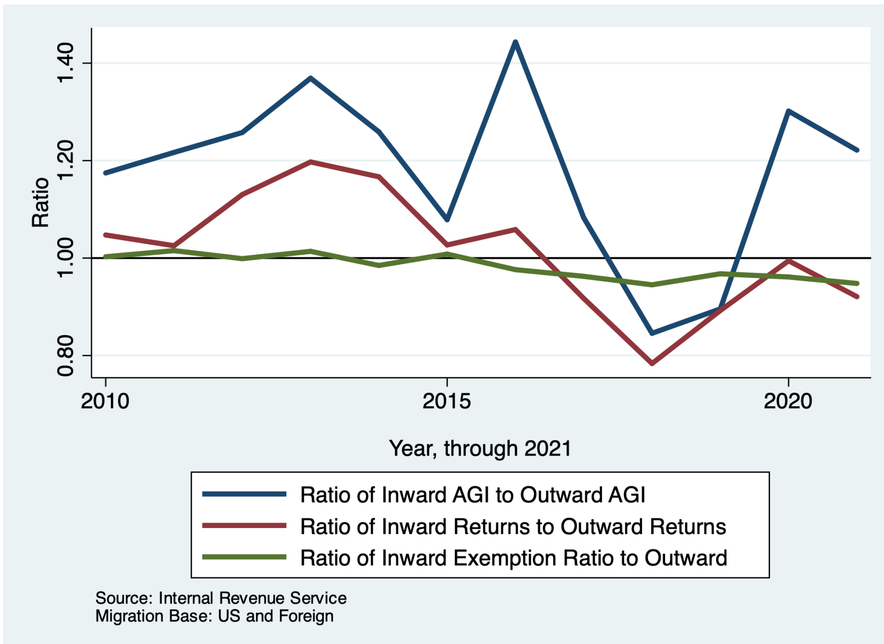
1. Net Flows

Figure 1 - 1: Relative Flows of Adjusted Gross Income, Tax Units, and Exemptions



- **Ratio of Inward Returns to Outward Returns:** A ratio greater than one indicates that more taxable units flowed into the region than out.
- **Ratio of Inward AGI to Outward AGI:** A ratio greater than one indicates that more adjusted gross income is flowing into the region than out. It indicates that the tax units moving into the region have higher incomes on average than those leaving the county.
- **Ratio of Inward Exemption Ratio to Outward:** A ratio greater than one indicates that the taxable units moving into the region have more taxable exemptions, generally children, than those moving out of the region.

2. Largest Migration Partners

Table 2.1. Top Ten Taxable Unit Migration Partners

2021 County	Number of Taxable Units			Flow Ratios		
	In From	Out to	Sum	AGI	Returns	Exemptions
Marin, CA	1,402	625	2,027	2.61	2.24	1.08
San Francisco, CA	1,091	386	1,477	7.22	2.83	1.18
Alameda, CA	665	358	1,023	3.23	1.86	1.08
Los Angeles, CA	477	310	787	2.51	1.54	1.08
Sacramento, CA	324	439	763	0.62	0.74	0.93
Contra Costa, CA	450	274	724	1.95	1.64	1.17
Solano, CA	312	301	613	1.02	1.04	0.93
